

# BioMap Alaska Datasheet

*\*Datasheets are for your own convenience in the field. Please upload your observation and any photos/videos to our online database at [www.biomapalaska.org](http://www.biomapalaska.org).*

Name of observer \_\_\_\_\_

Date \_\_\_\_\_ Time of observation \_\_\_\_\_

Species <small>(name of organism)</small>	
Weight <small>(lbs., kg, oz., g)</small>	___ lbs. ___ oz. or ___ kg ___ g <small>(estimated or measured?)</small>
Length <small>(inch., cm., ft., m)</small>	___ ft. ___ in. or ___ m ___ cm <small>(estimated or measured?)</small>
Sex <small>(circle one)</small>	male female unknown
Age <small>(circle one)</small>	adult juvenile unknown
Was one or more of this same species observed?	<small>(if so, approx. how many were there?)</small>
Photos or video taken?	Y / N
Location of observation	<small>(Latitude &amp; Longitude or description of location)</small>
Area description	
Water depth where organism was observed <small>(circle)</small>	<small>(estimated or measured?)</small> 0-100 feet 101-500 feet 501- 1000 feet > 1000 feet
Activity you were doing at time of sighting? <small>(circle)</small>	hunting fishing diving boating beach combing other _____
Any other anecdotal information related to the observed species or its environment
